

PC Accessories

Privacy Screen Filter

Multi-Purpose use with
LCD, Laptops and Desktop Monitors

Product Details:

Product Code: AO-PSF
Availability: November 2008
R.R.P.: \$74.95

Benefits:

- Privacy Protection
- Glare Reduction
- Anti-Scratch and Durable

Features:

LASER Privacy Filters help block the screen view from anyone looking at the computer from the side. A unique microlouver privacy technology allows people directly in front of the computer to see the screen data clearly. LASER Anti-reflection coatings are applied, these help reduce up to 99% of screen glare. A special coating on the front surface makes it more durable and easy to clean.

Installation Instructions:

- Clean the screen with a cleaning cloth to remove dust and contaminants
- Cut the Filter with the easy to use grid
- Peel off the PET backing of the filter
- Stick the Privacy Screen Filter on the notebook screen or LCD screen gently then peel off the electrostatic film

Package includes:

- Privacy Screen Filter
